LIVING FURNITURE

The right brand for high quality outdoor furniture

www.batavia-living.com

Established in 1992, Batavia Living had many years of experience in manufacturing handwoven outdoor furniture and is now the supplier of many high-end furniture brands and hospitality projects across the globe.

We utilize integrated manufacturing processes under one roof, enabling effective furniture production tailor-made to the client's requirement.

Over the years of delivering our passion in the industry, we strive to keep innovating our products, maintaining great quality and to bring new exciting things every now and then.

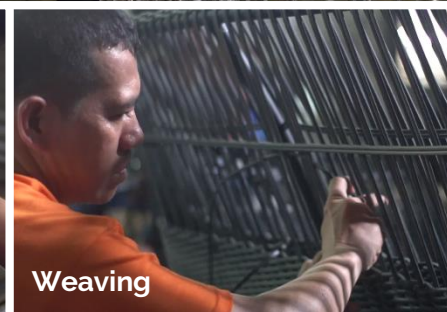

In Batavia Living, we focus on delivering meticulously handcrafted outdoor furniture. We target the medium to high end market segment as we emphasize more on unique designs produced using high quality raw materials.

Our professionalism, individuality and competitive prices have led our products all over the world, including Australia, Europe, America and throughout Asia.

We would like to build relationships with our customers and share the same vision of creating amazing outdoor furniture.

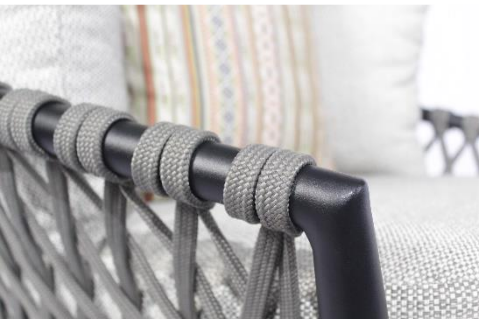

Batavia's outdoor furniture production process from raw material to finished product
